

Week beginning 29th January

We all thoroughly enjoyed the performance of Sleeping Beauty on Monday, participating in singing along to well-known songs and booing and cheering the characters. Much laughter could be heard!

In English we focused our learning around one of four of the Hampshire Picture Book Awards books. After listening to a story titled 'Tidy' by Emily Gravett we completed a book review, thinking of our favourite part of the story and why. The adult in our classes took on the role of the main character, giving us the opportunity to ask questions, and engage in a discussion, before putting ourselves in the role of one of the animals from the story.

In Maths the focus has been on multiplication. We now know the multiplication symbol means 'lots of'. We have used practical equipment or drawn groups of proxy symbols to help us solve the problems. Practising counting in twos, fives and tens has also helped us.

The focus in Science has been on sorting animals into the following categories: carnivores, herbivores and omnivores.
