

Week beginning 14th May

This week in Outdoor Learning we took part in a variety of activities such as den building, whittling, team games and gardening.

On Tuesday we had a TASC day, working across the year group to create ideas to improve our outside area. This involved discussion, sharing of ideas and listening to others, before producing a plan.

In P.E we took part in quick cricket, where we had the opportunity to be a fielder as well as batting.

In Art we added a chalk layer to our Great Fire of London pictures, before blending the colours together to create the illusion of fire.

On Wednesday we met Mrs Sanger who will be the Hedgehogs new class teacher after half term.

We hope you received your invitation to our year 1 class assembly on Friday 25th May at 9.30am. We look forward to performing and hope you can attend.
