

Week beginning 28th January 2019

We ordered coins by their value this week and worked out how many different ways we could use coins to make the same amount.

We watched the amazing pantomime of Peter Pan on Monday, it was great fun and it inspired us to recount the experience in our English lessons.

In phonics we have been learning antonyms and contractions like should and shouldn't.

We have continued to use Sum Dog, Bug Club and See Saw during IT based Cool Time. Please look in your reading record book for your bug club and sum dog logs and you can follow the link attached for the new SumDog website: https://www.sumdog.com/user/sign_in

Today the children came to school excited by the snowy weather and had time to enjoy playing with their friends on the school field before starting their lessons. Hopefully the children will get to build bigger snowmen this weekend!
