

Week beginning 1st July 2019

For English we have been writing letters to our new teachers in year 2. We looked at the features of a typical letter and how they might vary depending on who we are sending them to.

In maths we are still looking at division. We have looked at a number of strategies for the division operation using problem solving questions.

In guided reading the children enjoyed sharing the story of 'How The Bear Lost His Tail'. With images to inspire them, they carried out a series of activities related to the story including 'role on the wall' and making up their own bear and fox tale.
