

Week beginning 1<sup>st</sup> July

## Maths

We are continuing to split into three groups, one group completed a workbook containing various math challenges, the second group learnt their two times tables whilst the third group went on Sumdog.

## English

Following on from last week, we completed our letter to our MP about plastic pollution. We will be sending these to her next week!

## Leavers Assembly

Preparations are continuing for our leaver's assembly, all is going well so far but no details will be released at this stage!

## Crofton Secondary School Concert

All year 2 children visited Crofton to watch their music concert. Everyone walked sensibly to and from the school and thoroughly enjoyed the concert. They sat beautifully, we were very proud of them all.

## PE

Thursday afternoon was spent having a lovely game of Quick Cricket on the field, followed by a treat of an ice lolly, a reward for their impeccable behaviour at the concert.

On

Friday morning we all visited the junior school to spend the morning with our new teachers. The Badgers class then had their lunch there. It will be Owls' turn to have their lunch there on Monday,
