

Welcome

Welcome to the year 1 weekly blog.

This is a great place to find out what your children have been busy learning.

Settling in

- We have all enjoyed getting to know the children and all agree that they have settled really well. They have really impressed us with their stamina on our daily run around the field.

English

- We have read a story called 'Once there were giants'. The story is about a girl and how she changed over the years. The class have started to discuss how they have changed from when they were younger.

Maths

- We have been practising to count forwards and backwards from 0-20.
- To identify and represent numbers using objects and pictorial representations

- Read and write numbers from 1 to 20 in numerals and words.

Outdoor learning

- The children were shown a picture of a golden egg that had been found in the forest. The children then went down to the woods and were given the task to make a picture/sculpture of the creature they think may have hatched from the egg. They had some great ideas and produced some fantastic artwork.
