

Week beginning 30th September

Maths

This week the focus has been on adding one more or ten more and subtracting one less and ten less.

English

We continued to learn the skills required to improve our writing. This week we learnt about questions. We listened to the story 'Greenpeace' and learnt about letter writing. Towards the end of the week we wrote our own letters to either a famous person, a friend or a relative, we had to remember to include questions.

Science

We divided into 3 groups and explored the playground, wood and pond, we were looking for mini-beasts and had to record what we found.

Topic

We are continuing to learn about Cape Town, this week we watched a power point about Cape Town and then labelled pictures explaining what information we had found out.

Handwriting

The focus continues to be on the letters with lead in and lead out strokes.

Spellings

This week we have been learning how to spell the words 'this', 'that', 'was' and 'all'.

PE

On Wednesday the focus was on Gymnastics and Thursday we continued with cricket.

Red White and Blue Day

On Friday we had an amazing Red, White and Blue Day. We were extremely lucky to have lots of service personnel in school. The whole school had the opportunity to learn about engineering, robots, marching, diving, firefighting, cricket, lifeboats and rivets. We made flags and decorated cakes. The highlight of the day was the helicopter landing on the school field. The day finished with the infants and juniors joining for a parade and one minute reflection time.
