

Week beginning 25th November

Maths

The focus this week has been on multiplication. We learnt that the key vocabulary is multiples, times, lots of and repeated addition.

Eg. 4×2 means 4 is the amount of groups there are and 2 is how many are in each group, we can write it as $2+2+2+2 = 8$

We have been encouraging everyone to learn to count in 2's, 5's and 10's.

English

We planned our missing poster for one of the Javelina's and then wrote our own poster, remembering to use conjunctions, noun phrases and adjectives.

Science

We are continuing to explore materials, this week we investigated what would happen to different materials when you tried to change them by force.

PE

Due to the weather we were unable to play Tag Rugby outside so instead we played Dodgeball and Bench ball in the hall, a lovely time was had by all.

Christmas Decorations Morning

A huge thank you to all the parents, grandparents, aunts and uncles who came to help us make decorations, a wonderful morning was had by all. The fun continued in the afternoon when we decorated our classrooms with all the fabulous creations from the morning.

Nativity

We have begun practising our dancing and singing for the forthcoming nativity play.
