<p>Maths 15 minutes</p>	<ul style="list-style-type: none"> Mental maths: Counting forwards/backwards in 5’s. Can you make it all the way to 50? Number of the day: 8 (practice writing using a line in your book) <div data-bbox="1031 1637 1441 1794">  <div style="border: 1px solid black; padding: 5px; margin-left: 10px;"> <p>Pull around and Push, Pull back (along the ground), Push up, Pull back and join.</p> </div> </div>										

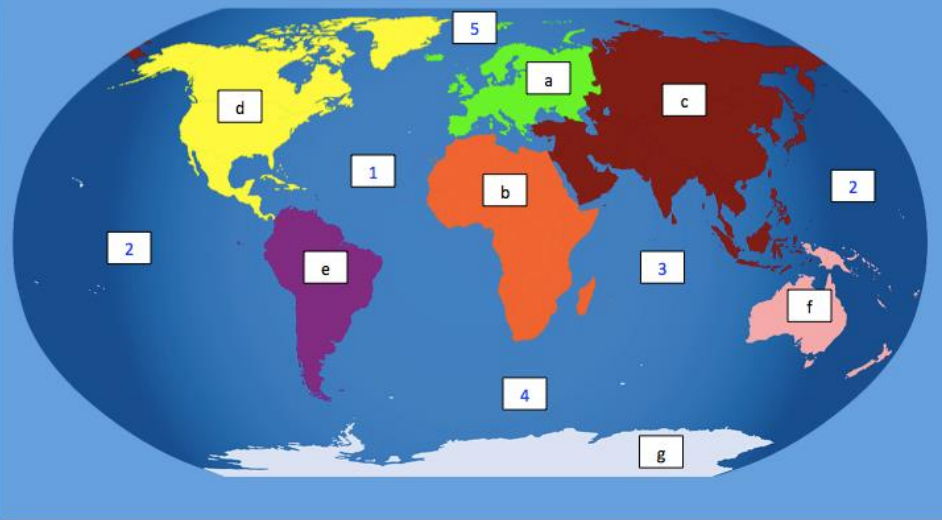

Have a go at creating your own addition number sentences using the numbers on the pebbles e.g. 8 + 2. If you have a dice at home, you could use this to generate your own number sentence! Then have a go at solving them in the same way as yesterday (say it, make it, draw it, write it). How many ways can you show it?
