

Week beginning 9th March 2020

English

- This week we introduced the children to our fourth Hampshire picture book award story – Field trip to the moon.
- In small groups the children generated questions about the moon. We discussed what elements a question needs.
- They then looked for the answers in non-fiction books or by typing their questions into a child friendly search engine called Kiddle.
- The children then compiled their own fact files about the moon using their findings.

Maths

- This week we are learning all about capacity and volume.
- The children had the chance to experiment with water and difference size containers. They were asked to fill their containers to full capacity, nearly full, half full, nearly empty and empty.

Phonics

- This week's spelling words are once, here, they, push and our.
- We recapped the trigraphs ear (hear) and ure (sure) from year R.
- We then introduced the trigraph are (care).

Art

- The children have enjoyed doing some printing in art this week.

Fireman Visit

Year 1 were visited by Mr Jackson – a local fireman.

He talked to the children about his job and how to keep safe in the event of a fire.

Sports relief

The whole school took part in some Sports Relief fun today thanks to the Students from St Vincent College.
