

Good Morning everyone

The count down to the end of term is upon us and we continue to hold our breath a little because - as yet - have not had to close any of our bubbles. I think if we make it to the end of term we will be able to count ourselves very lucky indeed. However, we are not there yet so we need to continue to take one day at a time. Can I thank all of you who are erring on the side of caution and getting tests for members of your families - the results do seem to be coming in quite quickly now which is meaning less time off school as a result.

There is the usual lovely buzz around school this morning - the naughty elves are causing excitement every morning and our children are getting on with the very important business of being children - which is what they do best!

We are hosting the first of our birthday parties this Friday afternoon - for all children who have had a birthday this term, which is quite a few! We were going to suggest that it could be a non-uniform day, but as it is Christmas Jumper day children will be able to wear their own clothes with their jumpers. If your child is more comfortable in uniform that is not a problem either. We will provide a few party snacks for the children and the class bubbles will play some games together. You do not need to provide anything - you do enough! I am sure the children will enjoy it.

We have various things planned for next week which I'm sure your children will tell you all about each day. It is sad that we are having to do all of this without you but at least we can still make things happen for the children. Hopefully it will be very different next year!

With love from

Jacky
