

Monday - Identify one more/one less within 50

Start by choosing a number between 0-50. You can get an adult to pick a number for you, or you can use a random number card generator here: <https://wordwall.net/resource/467667/math/number-wheel-1-50>.

Orally, can you identify what number is one less and what number is one more? Don't forget you can use a hundred square to help you. Next, have a go at the challenge below.

Tuesday - One more/less reasoning problems

Today you are going to be detectives, and follow the clues to find the secret number! Solve the problems below. Don't forget you can use resources to help you.

Challenge:

Always, Sometimes, Never...

When you find one more than a number, only the ones digit will change.

Convince me using some examples.

Year 1 Home and In School Learning

Maths - w/c 8.02.21

This week we are focusing on

Number & Place Value

Key learning area:

- Count to at least 50 forwards and backwards
- Given a number, identify one more and one less
- Identify & represent numbers using objects and pictorial representations
- Use the language of equal to, more than, less than (fewer), most, least

Remember to share anything you have done on SeeSaw!

Games:

- <https://wordwall.net/resource/52054/maths/1-less-30-50>
- <https://www.topmarks.co.uk/learning-to-count/place-value-basketball>

Thursday - Comparing numbers to 50

Have a look at the sheet below. Look at the numbers represented and compare them. Decide if the number is more than or less than and circle the correct one.

| | | |
|----|--------------|----|
| | is more than | |
| | is less than | |
| | is more than | |
| 29 | is more than | 26 |
| | is less than | |
| | is less than | |

Friday - Comparing numbers game

2-4 player game. Take it in turns to roll a dice twice and each player creates a two-digit number. For example, the first roll generates your tens, and the second roll generates the ones (e.g. rolling a 5 and then a 1 would make the number 51).

Then compare the numbers created and decide which is more/which is less. Repeat. Gain a point if you have the biggest number-who ever has most points at the end wins the game.

Monday

Choose the correct numbers to make the sentences correct.

28 26 33 45

36 43 35 49

is one less than 27

34 is one less than

is one more than 44

50 is one more than

Tuesday

Clues:

- I have one ten.
- The ones number is one less than 5.

What is my number? _____

Clues:

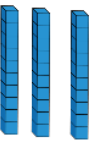

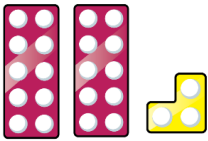

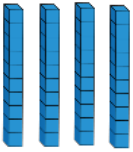

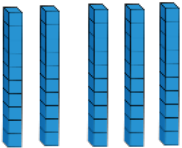

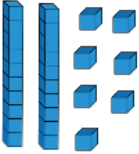

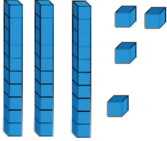

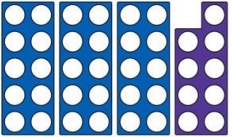

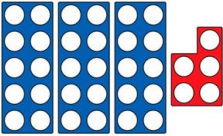

- I have a number with 3 tens.
- One less than my number makes the tens digit change.
- One more than my number has 1 one.

What is my number? _____

Can you make some clues to describe your secret number?

Thursday

Look at the number representations and then circle to compare the numbers. **Challenge: Can you make some of your own?**
