High-5 Story Retell

Use the key words to help you retell the story you just read. Describe the characters and setting first, then touch each one of your fingers as you tell the story. Remember, a ❤️ tells you that you need to describe how the character feels as well as the action!

Reading

This week we would like you to focus on the skill of **re-telling** a story. Once you have read your book, can you re-tell the main events of the story to a grown up?

Make sure you tell it in order and include as much detail as you can. Can you do it without looking at the pictures? Use the high-5 prompt to help you.
