

PE

Chance to Shine cricket want to engage children with their sport over the lockdown period. They have produced this video, which focuses on 3 skills, to help children improve at home! These can be adapted using equipment from around the house. This week we would like you to follow the clip below for PE. Don't forget to send us your photos via Seesaw!

Year 2 Home and In School Learning

Wider curriculum

Computing PSHE and Valentine's Day!

Key learning area:

- Improve fundamental skills of throwing, catching and striking.
- Understand the importance of staying on line
- Identify things we can do to stay safe on line
- Use digital literacy skills to create a Valentines card
- Copy and paste a picture
- Change size and font of text
- Save work independently
- Identify the importance of friendship and how to be a good friend!

Monday - E Safety

In school we recap staying safe online on a regular basis. We have attached a PDF Smartie the Penguin story for you to read with your children that they will be familiar with. It's important that at each 'discussion point' in the story you talk about WHY it is important to make these choices.

Below is also a short clip for the children to watch. If they would like to they could make an internet safety poster!

<https://www.youtube.com/watch?v=X9Htg8V3eik>

Tuesday - Computing

This task will differ depending on computing equipment you have access to at home! When creating our 'Big Book Of Fears' books the children learnt how to copy and paste a picture from google, change the size and font of the text they had typed and practised saving their work. To revisit and practise this, if you have the right equipment we would like the children to create a Valentines card/picture and message to give to someone special in their lives using these skills. If you have the equipment to do this please post what they have created on SeeSaw!

If you do not have the equipment to do the above we would like the children to make a Valentines card for someone special in their lives on paper or card. We would then like them to be responsible for photographing it and putting it onto SeeSaw themselves!

Thursday - PSHE - Friendship

Watch the clip below about making friendship soup!
<https://www.youtube.com/watch?v=H7w7yXkJTu0>

What ingredients would you put in your own friendship soup? Draw a picture of you and two special friends. Put your ingredients underneath!
