

Dear Year 2 parents

Some of you may know that our school has forged links with the residents at Glamis Court in Stubbington and our choir goes along to sing to them now and again.

Last year we organised for our year 2 children to be 'paired up' with one of the residents. They wrote them a letter and some children bought a small gift with their pocket money or made something that they could give as a Christmas gift. The manager at Glamis Court shared with us just how special this was for her residents - and also that for some of them it was the only gift they received as we were in lockdown at the time. We would really like to do the same this year.

On Thursday of this week you will find the name of the resident that your child has been paired up with in your child's reading record, and we would really appreciate it if you could support your child to write them a letter and provide a small gift in a gift bag, if you wish.

Last year many of the residents wrote back to the children when they received their letter which made it a very meaningful experience for them and for the children.

Many thanks

Jacky
