

Dear Service Families

We have been approached by The One Show who would like to do a piece, before Christmas, on service personnel who are deployed over Christmas. They also want to highlight the work that we do in school to support our service children - i.e. the knitted dolls, Musketeers and the video messages etc.

They have approached the MoD and have been given the full go ahead to do this.

They are looking for volunteers to appear on screen to show the following things:

- A child with their doll - preferably receiving it for the first time (but we could stage this!)
- A child seeing a video message for the first time
- A parent returning home and being met by their child with a doll

Now this is a lot to fit into a 4 minute film but they assure me this is possible! We are looking for volunteers to help with this although I do appreciate that you may have some reservations. They will not include the child's name for example. However, you may wish to discuss it with the relevant people before volunteering... If you would like to speak directly to the producer this can also be arranged.

They don't know yet if one of the presenters will be involved but all of the filming will take place here at school - so no trip to the sofa! Please call me if you would like to chat it through further or if you would like to volunteer...

With love from

Jacky
