

Dear Parents

We have a huge favour to ask! Thanks to Storm Eunice we have a few areas of damage around school that need to be addressed. We also have some routine gardening and repair jobs that also require some work. We are going to order a skip for the week beginning the 14th March and wondered if anyone would be available that week to help us fill it and also help with general gardening and tidying? We thought we would try spreading the work over a week in case any of you are able to help during the school day - we are aware how precious and busy weekends can be.

Our timetable would be:

Monday 14th - volunteers to fill the skip

Tuesday 15th - volunteers to work in the Year R area

Wednesday 16th - volunteers to work in the Year 1 area

Thursday 17th - volunteers to work in the Year 2 area

You do not have to work in the area that your child is in - although you would be most welcome to. We will provide tea and coffee, but would appreciate it if you could bring your own rakes, brooms or gardening equipment. We would not expect anyone to volunteer for a whole day - a morning, afternoon or even a spare hour would be most appreciated.

If you feel you are able to volunteer could you kindly contact the school office so that we know who to expect - and how many biscuits to buy!

I also need to let you know that we have had three positive cases reported in school today.

I hope you all have a lovely weekend,

With love from Jacky
