

New School Joiners Meet & Greet

Help your children transition to their new school by meeting their classmates before the school year! The aim for this is to reduce any anxiety or nerves surrounding your child's first day at school. It gives them an opportunity to meet their news classmates and build relationships prior to the school year. It also gives parents and family members the opportunity to meet each other so they have a friendly face at the gate when taking their children to school for the first time.

How does it work?

- Staff will encourage interactive games so the children can break the ice before their play session.
- Play session for the children to play and learn about each other.
- Allocated seating so parents can meet each other and mingle!
- A voluntary contact sheet should parents want to exchange contact information and organise additional get-togethers before school starts.

Pricing is at our general admissions rate. Bookings are to be made online or in person in order to secure your spot on in your specific session. We do accept walk-ins however, we cannot guarantee entry if we have reached capacity.

We look forward to helping them see some familiar faces so they can shine with confidence along with all of their friends on their 1st day of school.

This is not a private hire. These sessions will run during our normal play sessions.
